

CENTER FOR

HEARING, SPEECH  
AND LANGUAGE

SPEECH, LANGUAGE & LEARNING

## Summer Programs Assessment PLUS Individualized Intervention Programs

- Does your child have difficulty carrying out multi-step directions?
- Does your child have poor listening skills?
- Does your child confuse words?
- Does your child need more time to process what is being said?
- Have teachers suggested that your child has ADHD?

- Is your child's speech on track?
- Does your child remember what she reads?
- Can a preschooler have dyslexia?
- Is your child's hearing all right?
- Should you be worried if your child doesn't say his "r" sound correctly?

### How we can help

- Language and Auditory Processing
- Speech/Language Therapy

Some of our intervention programs include: Interactive Metronome, Fast ForWord, Wilson Reading Program, Orton Gillingham, Integrated Listening Systems, Lexercise

### How we can help

KidScreen

- Screening for hearing, speech, language and functional vision
